We are interested also, but would hold out for in-person if it is on the near term horizon!

We miss everyone

Thanks David ,

I would like to participate in the virtual meeting. We are returning all staff to the office on May 17. We also have been informed that over 70 percent of staff have been fully vaccinated.

I appreciate all you do!

Good morning,

I wanted to share a copy of this letter from Administrator Regan to Chicago Mayor Lightfoot regarding environmental justice and civil rights considerations in permitting decisions. I will continue to share documents and information that I believe will be of interest to this group. EPA HQ is planning the next Executive Management Council (EMC) for later this month. This will be our first EMC with the new Administration appointees and hopefully we will learn more about priorities and goals. Several of you have mentioned interest in having a state directors virtual meeting and I propose we consider dates after the upcoming EMC, perhaps in early June 2021 for a virtual meeting. Please let us know of your interest and my senior advisor Erin Tanimura will help me with planning and logistics.

David
